

Dear Clients,

After careful consideration, we will begin once again conducting in-office sessions on May 18th. We have several procedures in place to ensure the safety of our staff and clients:

- *The Emmaus Center* will be open Monday-Thursday with limited hours and counselors throughout the month of May.
- *The Emmaus Center* will be closed on Fridays for the duration of May and the summer.
- Counselors and spiritual directors will have fewer sessions each day to allow ample time for cleaning between each session.
- Adults that come in for sessions should not bring any children or other people with them to their appointments.
- Children coming in for sessions should only have one parent/guardian with them who must stay at *The Emmaus Center* (per our Consent to Treatment), and no siblings will be allowed at this time. If parents/guardians feel more comfortable waiting in the car they may do so as well.
- If any adult or child client develops symptoms of any kind of illness, please notify *The Emmaus Center* as soon as you are aware. As always you can call us at 361-212-0830.
- Counselors will continue to be available for Telehealth sessions if clients are more comfortable continuing in this format.

Thank you for your continued trust in *The Emmaus Center* as we navigate through continuous change. May you continue to remain safe and close to our loving God.

Ashley Silvas, M.Ed. LPC, Registered Play Therapist

Director of Clinical Services
